

## English Literature Capstone Topics

1. Right Kings concept
2. Gender conflicts on literature
3. Advisor/leader roles
4. Struggles of women
5. Truth leader and teller
6. Should you memorize metaphor?
7. Is English literature necessary for education?
8. American literature: A study
9. Foreign writers
10. A unique approach in teaching English literature

## Agriculture Capstones Project Ideas

1. How much light does a plant needs?
2. Can small seeds produce bigger plants?
3. The effect of temperature on plants
4. Does a plant need more water?
5. The best soil for plants
6. Do plants get sunburn?
7. What light color do plants need to grow
8. Policy on agriculture
9. The effect of agricultural in the economy
10. Is agricultural good for nation?

## Chemistry Capstone Project Ideas

1. Compare methods of chemical reaction
2. Gravimetric analysis
3. Teeth whitening
4. Hair color

5. Acid rain
6. Cleaning oil spills
7. Acid versus teeth
8. Catalytic decomposition
9. Conductivity and corrosion
10. Stem cell research

### Social Science Capstone Project Ideas

1. Digital tools usage
2. World geography and world history
3. What is scientific writing all about?
4. Community issues
5. Analysis of social policy
6. Impact of vulnerable population
7. Child maltreatment
8. Non-profit organization business plan
9. Local service agency
10. Development disabilities
11. Child maltreatment

### Business Management Capstone Ideas

1. How to manage a diverse workforce
2. Fanaticism roots on marketing lessons
3. Local customization versus global standardization
4. Is it good to share opinion on public?
5. External recruiting versus internal promotions
6. World population versus population ageing
7. Use of educational games in the classroom
8. Is a higher salary making employees loyal to the company?

9. How productivity can be improved among employees
10. How strong is the presence of multinational corporations in other companies?

### Economics Project Capstone Ideas

1. How economies affect US nations
2. What are the benefits of concentrating to the economy?
3. Learning economics approaches
4. The development UK economy and its benefits
5. How technology changes the economy?
6. Economic policies analysis
7. Economics of the contraction
8. Agricultural subsidies benefit
9. Economic policy on natural disaster
10. Marijuana in California: Its implications in the economy

### Nursing Capstone Ideas

1. Pain management in ICU
2. Preventing ADHD to patients
3. Major challenge on contagious diseases
4. Obesity treatment on American children
5. Healthcare software: Nursing education and training
6. Major challenges in nursing
7. Chronic disease: Type II diabetes
8. Asthma education and care in hospitals
9. Healthcare access for pregnant women in rural areas
10. Gender issues about nursing

## Statistic Capstone Project Ideas

1. US versus foreign elections
2. Voter turnout
3. Exit polling accuracy
4. Previous election controversial
5. Available offices number
6. Environment, education, economy and healthcare key issues
7. Vote counting: Electronics and other methods
8. Number of the unopposed races running
9. Cities or states
10. Election advertisements

## Law Capstone Project Ideas

1. Intention: Object, subject matter and intention studies
2. Heated and controversial debates on freedom of speech principle
3. Is it good to grant suicide loom?
4. Should press get notion about freedom of expression
5. Range and application of Suicide Act 1961
6. Intellectual property law
7. Power of the Security Council: Threat or breach
8. Analysis on competition laws of China, Japan and EU
9. Contract law: 21st century
10. United Kingdom: The rise of corruption

## Psychology Capstone Project Ideas

1. Cultural differences in emotion and attention

2. Stereotyping gender emotion and nonverbal communication
3. Children's encoding and decoding of emotion
4. The influence of the culture on cognitive or social processes
5. Automatic versus controlled process in emotion
6. Culture accuracy: Facial photographs
7. Beneficial and harmful contributions of an age to memory
8. Impact of the sleep quality on the wake up responses
9. Connectionist models usage in predicting different faces impressions
10. Actual assessments on the sexual juvenile offenders

#### Ideas for Technology Capstone Projects

1. Applications review on human interactions
2. Better learning with the use of mobile applications
3. Mobile learning
4. Intelligent system review on helping businesses
5. Computer vision or recognition in recognizing breeds of animals
6. Computer, data and network security: Biggest challenges
7. Implementation plan on web-based training
8. Equipment automation on satellite earth station
9. Emergency recovery implementation and plan
10. Assessing IT functions: Strategic perspective

#### Engineering Capstone Ideas

1. Construction projects contracts
2. Management system development in choosing method and equipment for excavation irrigation

3. Construction schedule control on oil sector in Iraq
4. Evaluation system on the standard weights
5. Management and control of onsite construction
6. Computer interaction model usage on project evaluation and improvement
7. Reconstruction projects: Enhancing the cost
8. Cost evaluation standards and guide for industrial corporations
9. Choosing construction approached and methods in executing engineering projects
10. Construction management evaluation

#### Computer Science Capstone Ideas

1. Designing mobile site
2. Development of the math placement test
3. Detection and classification of bacteria
4. Convex zipper folding design
5. Stock prediction usage with neural networks
6. Strategy game battlefield
7. Online survey system
8. How to design automated report aid
9. Implementing and designing estate valuation modeling system
10. Game theory algorithms analysis

#### Business Capstone Project Ideas

1. Business continuity and crisis management
2. Supplier relationship management: Role in business
3. Development of property market management system
4. Social enterprise comprehensive review

5. Supply chain management review
6. Enterprise risk management study
7. Designing risk assessment in business sector
8. Aspect of legal business and its major challenges
9. Stakeholders and collaboration between enterprises
10. Free cash flow effects on firm's profitability

### Design Capstone Project Ideas

1. Effects of awesome design to people
2. How to have a good design
3. Designing a website online
4. Effects of design to business profits
5. Benefits of having a good design on site
6. Graphic design: How to have a great result
7. Analysis on the design issues on mobile site
8. Does design change the choice of a person?
9. Comprehensive review on the graphic issues
10. Designing: Is it easy or difficult?
